

School Improvement Priorities 2023 - 2024

Quality of Education

Further improve outcomes at KS4

Further improve and enhance the application of the Teaching & Learning fundamentals

Further improve reading abilities for all KS3 and KS4 students

Ensure Y7-Y11 curriculum is suitably broad, balanced, ambitious and supportive

Leadership and Management

Develop further a values - driven leadership and management culture

Build a revised pastoral system that meets the needs of all students and supports them to achieve their best

Create a positive working environment to support all staff in being the best they can be

Personal Development

Value and celebrate the wider achievement of students

Enhance the quality of the Life Skills and Wellbeing Curriculum

Behaviour and Attitudes

Reduce persistence absence levels in all year groups

Embed good behaviour in and out of lessons

Sixth Form

To develop an assessment model/target setting model post 16 that ensures that all students can flourish

To develop the post 16 curriculum plus model that allows students to progress successfully post 18

Create a curriculum considering the forthcoming changes; ensure that the offer meets the needs of the cohort
