Survey Feedback

PROGRESS REVIEW DAYS 2020

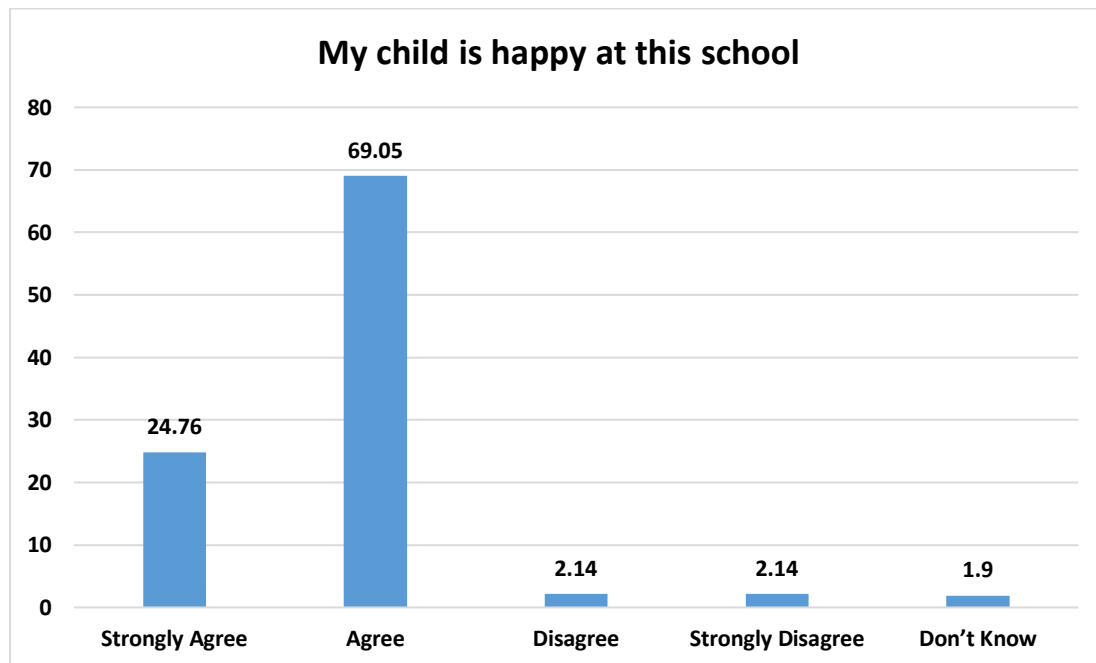

We would like to thank all parents who took the opportunity to provide feedback through the survey conducted at our recent Progress Review Day. The graphs below indicate the responses and show the percentages, from the 420 parents that provided feedback, enabling us to reflect on where we are meeting your needs and also the key areas of focus for the future.

Questions within the survey mirror those utilised by Ofsted as part of their Parent View questionnaire. Ofsted Parent View gives you the chance to tell Ofsted what you think of your child's school, including how happy your child is at the school and the support received if your child has special educational needs and/or disabilities (SEND).

Please note that all scores below are shown as percentage (%)

We continue to look to improve as a school, with a focus on developing the areas that have been identified for improvement. Specific comments made by parents are being reviewed, such as those relating to homework. In an attempt to rectify this situation we have introduced Classcharts an online platform aimed at improving communication around homework, when it is set, what is required and when it is due in. In addition to this, the app, also provides an opportunity to review information regarding your child's attendance and achievements at school.

Once again we would like to thank you for coming in to school to discuss your child's progress and sharing your feedback. As always, thank you for your continued support in the school.
